

6TH ANNUAL KANSAS PRAIRIE CLASSIC

A PREMIER ONE LOFT RACE THAT WILL GIVE ALL FLYERS
AN EQUAL OPPORTUNITY TO COMPARE THEIR BEST ON EQUAL FOOTING.

*4 Races (South West) with over 60 Chances to win
(Payout based on 300 birds entered)*

We are experienced with one loft races, having been loft manager for RICK MARDIS and realize that 1st and foremost, to have a great race series you must have good health, plenty of proper training and communication with the entrants. We pledge to do all we can to get your best to perform to their best at this loft. Our lofts are 60' X 12 and 8' high by 9' high. We have 7 different sections with 600 Perches. All expanded metal floors. We treat for canker every 6 weeks, respiratory with Doxycycline and Tylan, and worm with Moxidectin Plus. All birds are vaccinated with PMV upon arrival.

In 2013-98 birds went to the 400. 46 on the first day, and 97 out of 98 after the dust has settled. If you are looking for birds that will score in the South Africa Million Dollar Race, then this is the ultimate proving grounds.

300 and 400 are 3 day races. After 3 days, if the number of prizes has not been met, the prizes will be split between the clocked birds.

We will fly the first race the 1st of October and end by the 1st of November. All races will be flown, weather permitting, in the month of October.
